THE AIRCRAFT deliveries support Etihad's recently announced network expansion

Etihad Airways accelerates growth with record aircraft deliveries

The carrier took delivery of five aircraft including its inaugural A321LR, two Boeing 787 Dreamliners, one Airbus A350-1000, and one Airbus A320ceo

ABU DHABI / WAM

Etihad Airways achieved a significant milestone in its fleet expansion programme with July 2025 becoming the busiest month for aircraft deliveries in the airline's 22-year history.

Throughout July, Etihad took delivery of five aircraft including its inaugural A321LR, two Boeing 787 Dreamliners, one Airbus A350-1000, and one Airbus A320ceo.

This record-breaking month demonstrates the airline's commitment to rapid growth as it works towards its target to carry 38 million passengers annually by 2030. The five aircraft will significantly enhance Etihad's capacity across its expanding global network.

Antonoaldo Neves, Chief Executive Officer of Etihad Airways, said, "July has been a remarkable month for Etihad Airways. Taking delivery of five aircraft is our most intensive delivery programme to date and showcases our ambitious growth trajectory. These aircraft will enable us to serve more destinations, offer increased frequencies, and deliver the exceptional experiences our guests expect across our network."

The delivery programme reflects Etihad's strategic approach to fleet modernisation, with each aircraft type serving specific network requirements. The Boeing 787 Dreamliner will support long-haul operations to destinations across Asia, Australia, and North America, while

the Airbus A350-1000 will enhance capacity on high-demand routes.

A particular highlight of July's deliveries was Etihad's first Airbus A321LR, which represents a significant milestone as the airline's inaugural aircraft of this type. Etihad defines luxury again with a revolutionary cabin configuration to Etihad's narrowbody operations, featuring dedicated First Suites alongside lie-flat Business seats, a first for narrowbody aircraft in

the region, and enhanced Economy seating with seatback entertainment — bringing premium in-flight experiences to medium and short-haul routes. The deliveries bring Etihad's total fleet to 106 aircraft. The airline operates one of the world's youngest fleets, with an average aircraft age of 8.7 years, supporting operational efficiency and enhanced passenger experience.

The aircraft deliveries support Etihad's recently an-

nounced network expansion, which includes 27 new destinations and increased frequencies across existing routes.

The airline has experienced remarkable growth, carrying more than 20 million passengers in the last 12 months for the first time in its history, doubling passenger numbers from 2022 levels.

Etihad's fleet expansion programme continues beyond July, with 20 additional aircraft per annum expected for delivery throughout 2025 and 2026.

By expanding its fleet and network, Etihad Airways is strengthening Abu Dhabi's position as a global aviation hub and offering unparalleled travel experiences to millions of passengers worldwide.

UAE continues airdrop operations, sends 58 relief trucks to Gaza

GAZA / WAM

The UAE, in coordination with the Hashemite Kingdom of Jordan, continued its humanitarian airdrop missions over the Gaza Strip as part of the 'Birds of Goodness' initiative.

On July 30, the 57th airdrop was carried out, the fourth consecutive day of operations, targeting the most affected and hard-to-reach

areas due to restricted ground access. These efforts fall within the framework of Operation Chivalrous Knight 3, reflecting the UAE's unwavering commitment to supporting the Palestinian people and alleviating the humanitarian crisis in Gaza, particularly amid ongoing security challenges that hinder overland aid delivery.

ABU DHABI / WAM

ADNOC Drilling Company announced on Wednesday its financial results for the second quarter and first half of 2025, delivering record-breaking performance across revenue, EBITDA and net profit while maintaining strong momentum in shareholder returns and delivering regional expansion.

The company posted a net profit of \$692 million for the first half, up 21 percent year-on-year, driven by fleet expansion, rig utilisation and Oilfield Services (OFS) growth. Revenue rose 30 percent to \$2.37 billion, while EBITDA increased 19 percent to \$1.08 billion.

KSQF intensifies global action to safeguard children

The foundation's approach emphasises long-term sustainability, local empowerment, among others

SHARJAH / WAM

The Khalid bin Sultan Al Qasimi Humanitarian Foundation (KSQF), based in Sharjah, is implementing a proactive strategy to protect children by rewiring the structures that allow abuse, trafficking, and injustice to persist. On World Day Against Trafficking in Persons, marked annually on 30th July, KSQF recognises that today's crises are interconnected; displacement caused by climate disasters leads to school dropouts, heightening children's exposure to trafficking, and conflict and poverty push children into

labour and criminal networks.

The foundation recognises that no single issue can be solved in isolation, and that meaningful protection requires a coordinated, cross-sectoral approach.

Child exploitation and human trafficking have surged post-pandemic, with a 31 percent rise in detected child trafficking victims. Meanwhile, nearly 138 million children remain trapped in child labour globally, according to the International Labour Organisation (ILO) and UNICEF, a slight decline from previous estimates of 160 million, but still alarmingly high.

Nearly 138 million children remain trapped in child labour globally, according to the International Labour Organisation (ILO) and UNICEF

These figures not only underscore the scale of the crisis but also illustrate the cyclical nature of harm, where each crisis further entrenches children in a system of exploitation and abuse. Committed to the protec-

tion of children as its core mandate and overarching objective, KSQF's efforts also directly align with three key United Nations Sustainable Development Goals (SDGs): SDG 16.2, which calls for ending abuse, exploitation, trafficking, and all forms of violence against and torture of children; SDG 5.3, which seeks to eliminate child, early, and forced marriage practices as well as female genital mutilation; and SDG 8.7, dedicated to eradicating forced labour, modern slavery, human trafficking, and child labour in all its forms.

CMA celebrates 10 years of empowering young talent at Media Summer Camp

ABU DHABI / WAM

The Creative Media Authority (CMA) has announced the completion of its tenth annual Media Summer Camp, marking a decade of inspiring and equipping the next generation of media professionals in the UAE.

First launched in 2016, the initiative is a testament to the belief that developing and nurturing talent from an early age is a key pillar in shaping a competitive and sustainable creative media industry.

The camp was established to introduce children aged between eight and 12 to the creative and professional opportunities within the media sector. It has since evolved into one of the UAE's leading platforms for nurturing young storytellers, filmmakers, and content creators. To date, it has welcomed more than 390 students, 77 percent of whom are Emirati.

Mohamed Dobay, Acting Director-General of CMA, said, "The Media Summer Camp has become a cornerstone of our ef-

forts to build a future-ready creative sector. Reaching our tenth edition reflects the UAE's long-term commitment to nurturing local talent and inspiring the next generation to view the media industry as a space for opportunity, innovation, and national pride." Over the years, the programme has grown significantly in both scale and impact. In 2020, it expanded to engage a broader age group, welcoming participants aged 12-15 years.
