ABU DHABI / WAM

UAE President His Highness Sheikh Mohamed bin Zayed Al Nahyan, and His Highness Sheikh Mohammed bin Rashid Al Maktoum, Vice President and Prime Minister, and Ruler of Dubai, praised the major achievements of the General Women’s Union (GWU) over the past 50 years under the leadership of HH Sheikha Fatima bint Mubarak, the “Mother of the Nation,” Chairwoman of the General Women’s Union (GWU), President of the Supreme Council for Motherhood and Childhood, and Supreme Chairwoman of the Family Development Foundation (FDF). Their Highnesses affirmed that the launch of the “Mother of the Nation 50:50 Vision” establishes the foundations for a bright future and opens broader opportunities for Emirati women to contribute locally and have a greater global impact.

DUBAI / WAM

His Highness Sheikh Mohamed bin Zayed Al Nahyan said: “The progress of the UAE has always been closely tied to the achievements of Emirati women and their pivotal role in strengthening our communities and contributing to our nation’s development. As we celebrate the Emirati Women’s Day, the launch of the Mother of the Nation 50:50 Vision reaffirms our commitment to advancing together – hand in hand – in partnership towards the future.” His Highness Sheikh Mohammed bin Rashid Al Maktoum said: “The United Arab Emirates and its people come together today to celebrate Emirati Women’s Day, marking fifty years of an inspiring journey of empowerment. It is also a celebration of a new vision launched by HH. “Mother of the Nation”, setting the course for the next fifty years of progress. We celebrate women as mothers, sisters, daughters, and wives... as nurturers of generations, guardians of values, and partners in shaping the nation’s development. We celebrate them as the spirit of the country and the heart of its identity, as companions on the journey, and as true makers of change.” Under the directives of HH Sheikha Fatima bint Mubarak, the slogan “Hand in Hand, We Celebrate 50 Years of Achievement” has been launched as the official theme for Emirati Women’s Day 2025, which falls on 28 August. This comes as the nation marks the 50th anniversary of the establishment of the General Women’s Union, in a national celebration that reflects community partnership and the continuous achievements of Emirati women over five decades. It also aligns with the announcement by President His Highness Sheikh Mohamed bin Zayed Al Nahyan designating 2025 as the Year of Community under the theme “Hand in Hand”, reflecting the country’s vision to strengthen national cohesion and affirm women’s role as a key partner in nation-building and sustainable development.

THE Blue Bond issuance supports the UAE Water Agenda 2036 to promote sustainable infrastructure

First Abu Dhabi Bank issues \$50 million 5-year Blue Bond

The issuance cements FAB’s leadership in sustainable finance and aligns with the UAE’s commitment to protection of the blue economy

ABU DHABI / WAM

First Abu Dhabi Bank (FAB) has successfully issued a HKD 390 million (\$50 million) 5-year Blue Bond. This transaction represents the first-ever Blue Bond issued by a financial institution in the Gulf countries. This landmark issuance cements FAB’s leadership in sustainable finance and aligns with the UAE’s commitment to the strategic protection of vital water resources and the blue economy.

The bond, issued via a private placement, was anchored by an Article 9 (Dark Green) investor who was seeking specific blue labelled instrument. The Blue Bond is aligned with FAB’s Sustainable Finance Framework 2023, and International Capital Market Association Green Bond Principles.

The Blue Bond issuance supports the UAE Water Agenda 2036 to promote innovation and sustainable infrastructure across critical marine ecosystems. It also aligns with the country’s broader environmental objectives particularly as Abu Dhabi prepares to host the International Union for Conservation of Nature (IUCN) Congress in October 2025, and as the UAE welcomes the United Nations Water Conference in December 2026.

Blue bonds are a growing

category of sustainable finance instruments, designed to advance and promote water-related environmental objectives. As stewards of capital, financial institutions play a key role in mobilising funding toward the protection of marine ecosystems and sustainable water management, areas historically underfunded despite their global significance.

As a regional pace setter, FAB has taken clear steps to accelerate positive environmental action, by continuously exploring ways to embed nature into the bank’s agenda and drive meaningful impact through capital allocation. Through this latest financial instru-

ment, FAB is enabling capital flows toward projects that protect and restore ocean health, while fostering long-term environmental and economic resilience.

Eligible projects in FAB’s blue asset pool include, amongst others, sustainable water management (e.g. sustainable infrastructure for clean drinking water), climate change adaptation projects (e.g. conservation and rehabilitation of wetlands, mangroves and coral reefs), sustainable management of fisheries and aquaculture and conservation of terrestrial and aquatic biodiversity.

FAB was supported by Crédit Agricole Corporate

and Investment Bank as Sole Dealer in the execution of this pioneering transaction.

Sharguil Bashir, Chief Sustainability Officer at FAB said: “This Blue Bond issuance is a defining milestone for FAB and a first for any financial institution in the Gulf. It reflects our conviction that banks must do more than finance the future and we must actively shape it with the tools available to us. By directing capital to protect vital water resources and marine ecosystems, FAB is setting a precedent for sustainable finance in the region.”

“This marks another achievement in our journey to drive sustainable development in the UAE and beyond, and it also reinforces the nation’s global leadership on climate and biodiversity, as it prepares to host two major summits, the IUCN Congress in Abu Dhabi and the UN Water Conference in 2026 and we are privileged to be at the forefront of this critical transition.”
