Khaled bin Mohamed bin Zayed chairs meeting of Executive Committee of ADNOC Board of Directors

ABU DHABI / WAM

HH Sheikh Khaled bin Mohamed bin Zayed Al Nahyan, Crown Prince of Abu Dhabi and Chairman of the Abu Dhabi Executive Council, has chaired a meeting of the Executive Committee of the ADNOC Board of Directors. During the meeting at ADNOC's headquarters, Sheikh Khaled reviewed ADNOC's financial performance and its strategic priorities, including deploying AI as it aims to become the most AI-enabled energy company, executing domestic growth projects and international expansion through its international energy investment company, XRG, diversifying revenue streams, and unlocking value from Abu Dhabi's oil and gas resources. HH Sheikh Khaled underlined the importance of sustaining ADNOC's development strategies to ensure the company remains resilient and competitive, reinforcing its position to generate and maximise long-term value in a rapidly evolving global energy landscape. UAE airports surpass 1b passengers in 10 years

DUBAI / WAM

Statistics from the Federal Competitiveness and Statistics Centre revealed that the aviation sector in the UAE has recorded remarkable growth, with total passenger traffic through the country's airports surpassing one billion between 2015 and 2024, while total aircraft movements exceeded 6.4 million. The report, issued by the Centre, highlighted that the UAE ranked first globally in the air transport quality index and was placed among the world's top ten in five other indicators. This reflects the leadership's forward-looking vision and directives to enhance the growth and competitiveness of this vital sector regionally and globally, making it a cornerstone of national economic sustainability. Abdullah bin Touq Al Marri, Minister of Economy and Tourism and Chairman of the General Civil Aviation Authority (GCAA), attributed the exceptional achievements of the civil

UAE's Barakah Plant delivers first year of full-fleet operations

ABU DHABI / WAM

The Emirates Nuclear Energy Company (ENEC) today marks one year since the Barakah Nuclear Energy Plant achieved full-fleet operations. All four APR1400 reactor units are together generating 25% of the UAE's electricity needs, significantly expanding the UAE's baseload electricity production to boost national energy security and sustainability. Over the past 12 months, Barakah has delivered 40 terawatt-hours (TWh) of clean electricity, reliably powering the nation's technology sectors, industries and homes. Since Unit 1 began operations, more than 120TWh has been generated to date – equivalent to the annual power demand of New York City. As the largest source of clean power in the region, Barakah is playing a leading role in decarbonizing the UAE's power sector. The development of Barakah is recognised internationally as one of the most efficient and timely new nuclear builds in recent his-

Al Zeyoudi visits Hungary to strengthen bilateral trade

Both sides expressed optimism about the potential for JVs and investments that would benefit their economies

BUDAPEST / WAM

Dr Thani bin Ahmed Al Zeyoudi, UAE Minister of Foreign Trade, embarked on an official visit to Hungary, engaging in productive discussions with key Hungarian government and private sector officials to enhance trade, investment, and private sector collaboration between the two nations.

Al Zeyoudi held high-level meetings with Péter Szijjártó, Minister of Foreign Affairs and Foreign Trade of Hungary and

Gergely Karácsony, the Mayor of Budapest. Together, they explored avenues for expanding trade relations and fostering

private sector partnerships that will drive economic growth in both countries. Highlighting growing UAE-

Hungary trade ties, Al Zeyoudi remarked: “It is a pleasure to once again visit Hungary. Our shared vision for sustainable development and innovation creates exciting opportunities for collaboration so that we can

strengthen our economic relationship. Our partnership has already witnessed significant growth in recent years, with non-oil foreign trade reaching US\$793.7 million in 2024 and exceeding US\$434.2 million in

the first half of 2025 — a notable 29.4% increase year-on-year. Moving forward, we are well-positioned to build on this momentum.”

As part of his visit, Al Zeyoudi also attended a reception at the Embassy of the United Arab Emirates in Budapest. Hosted by Ambassador Saud Hamad Ghanem Hamad Al Shamsi, attendees included leaders from the Hungarian business community.

ADGM registers 11,128 active licences at end of H1

The entity emerged as the region’s largest IFC by market capitalisation of its registered entities listed on a stock exchange

ABU DHABI / WAM

ADGM, the international financial centre (IFC) of Abu Dhabi, reinforced its position as the largest and fastest-growing financial hub in the Middle East and North Africa (MENA) region during the first half of 2025, with more than 11,000 active licenses and a 42% jump in assets under management.

During the period, ADGM also emerged as the region’s largest IFC by the market capitalisation of its registered entities listed on a stock exchange, underscoring the centre’s efforts to reinforce the financial sector’s contribution to Abu Dhabi’s non-oil economy, which grew to 9.1% in Q1 2025.

The first six months of the year were also defined by transformative deals and partnerships between some of Abu Dhabi’s most influential institutions and ADGM-based entities, highlighting the centre’s role in enabling global businesses to invest and build strategic local and regional partnerships.

Commenting on the centre’s ongoing strong performance, Ahmed Jasim Al Zaabi, Chairman of ADGM, said, “As we approach

At the end of June 2025, the number of registered fund and asset managers based out of ADGM reached 154, while the total number of funds increased to 209

a decade of operations, ADGM’s sustained commitment to excellence is strongly reflected not just in its growth numbers, but also in the rising global confidence in Abu Dhabi’s role as a financial powerhouse and the “Capital of Capital”. Record numbers can only be achieved through the depth of our global, regional, and local strategic partnerships and the clarity of

our vision.”

The total number of operational entities within ADGM, which represents financial and non-financial firms, grew to 2,972 during H1, marking a 42% year-on-year growth. These include 308 financial firms and 2,664 non-financial. ADGM’s business-friendly environment, progressive regulatory frameworks, access to global and re-

gional capital and its existence as the only jurisdiction in the region with the direct application of English Common Law continue to attract both market entrants and established firms to Abu Dhabi.

During the same period, ADGM registered 1,869 new licences, the highest number of licences issued during a six-month period since ADGM

The first six months of the year were defined by transformative deals and partnerships between some of Abu Dhabi’s most influential institutions and ADGM-based entities, highlighting the centre’s role in enabling global businesses to invest and build strategic local and regional partnerships

was established. This represents a 47% growth in new licences compared to a year earlier and brings the total number of active licences in ADGM to 11,128.

Meanwhile, the Financial Services Regulatory Authority issued a total of 52 In-Principle Approvals (IPAs) for financial services firms, up 27% year-on-year, while 45 new Financial Services Permissions (FSPs) were granted, a 45% increase.

This momentum was further strengthened by the presence of top global and regional names such as Kimmeridge, Fortress, Circle, Oryx Global Partners, GMB Limited, Partners Group, Carta, Bitcoin Suisse, Tradition, Bitgrit, Harrison Street, Stacks Asia DLT Foundation, Hidden Roads, Polen Capital, Arcapita, Seviara, Aquila Group, Skadden, PATRIZIA, NewVest, Investindustrial and Digital Climate Middle East (DCME).

ADGM’s asset management sector continued its upward trajectory in the first half of 2025, with Assets Under Management (AUM) surging by 42% compared to H1 2024. At the end of June 2025, the number of registered fund and asset managers based out of ADGM reached 154, while the total number of funds increased to 209.

US-based investment manager Nuveen, which opened its first Middle East office in ADGM last year and currently manages between USD 3 billion and USD 5 billion out of the centre, expects its AUM in the region to double over the next three years. Such developments illustrate Abu Dhabi and ADGM’s growing influence as a magnet for global financial players seeking access to Abu Dhabi’s extensive capital and strategic connectivity.

ADNOC Gas to join FTSE index, unlocking \$250m in investment

The company believes the milestone will enhance its visibility among global institutional investors, broaden its shareholder base

ABU DHABI / WAM

ADNOC Gas plc and its subsidiaries on Monday announced that its shares have been selected for inclusion in the FTSE Emerging Index — part of the FTSE Russell Global Equity Index Series (GEIS) — with inclusion effective when markets open on September 22.

ADNOC Gas believes this milestone will enhance its visibility among global institutional investors, broaden its shareholder base, and support liquidity on the Abu Dhabi Securities Exchange (ADX). Market analysts estimate that inclusion may result in up to \$250 million in incremental investment.

The FTSE Emerging Index is widely tracked by international investors and measures the performance of large and mid-cap companies across advanced and secondary emerging markets within the FTSE GEIS.

Fatema Mohamed Al Nuaimi, Chief Executive Officer of ADNOC Gas, said, “Joining the FTSE Emerging Index is a strong endorsement of ADNOC Gas’ fundamentals and consistent delivery on our strategy. This achieve-

Meeting of Muslim Religious Leaders of BRICS Countries honours TRENDS

The recognition highlighted Dr Al-Ali’s distinguished career and TRENDS’ achievements in research and knowledge production over the past 11 years, while underscoring the centre’s pivotal role

ABU DHABI / WAM

The Meeting of Muslim Religious Leaders of BRICS Countries honoured TRENDS, represented by its CEO, Dr Mohammed Abdullah Al-Ali, with the “Personality of the Year 2025” award, in recognition of his scientific and research efforts in supporting the Sustainable Development Goals. The award coincided with the 11th anniversary of the establishment of TRENDS Research & Advisory.

The award was presented by Sheikh Ravil Gainutdin, Grand Mufti and Chairman of the Religious Board of Muslims of the Russian Federation, in the presence of Dr Khalifa Mubarak Al Dhaheri, Chancellor of Mohammed bin Zayed University for Humanities, and Dr Ali Hussein Al-Zoghbi, President of the Federation of Muslim As-

sociations in Brazil (FAMBRAS).

The recognition took place on the sidelines of the VI International conference “Spiritual Silk Road: the Role of Moral Values in Bridging Nations and Continents”, held in Rio de Janeiro, in which TRENDS is participating as a research partner.

The recognition highlighted Dr Al-Ali’s distinguished career and TRENDS’ achievements in research and knowledge production over the past 11 years, while underscoring the centre’s pivotal role, together with its team, in consolidating rigorous scientific and academic approaches, fostering global intellectual dialogue, and promoting a culture of research both regionally and internationally.

SCTDA wraps up successful 2025 India Roadshow

SHARJAH / WAM

The Sharjah Commerce and Tourism Development Authority (SCTDA) has successfully concluded its 2025 roadshow in the Republic of India, which included visits to Mumbai and New Delhi on September 3 and 5, respectively.

The tour was conducted

with the participation of a distinguished group of prominent tourism sector partners from Sharjah. The roadshow is part of the Authority’s efforts to enhance Sharjah’s position as a preferred destination for Indian tourists and to expand its network of strategic partnerships with key players in the Indian tourism sector.

The tour featured exceptional events held at the “St Regis – Mumbai” and “Leela Palace – New Delhi” hotels, with the participation of a group of strategic partners from both the public and private sectors in Sharjah. The events were attended by approximately 90 business partners from India in each city, along with around 10

representatives from Indian media partners in New Delhi. The Sharjah delegation included representatives from Air Arabia, Emirates Airlines, Al Zajil Tourism, Sharjah Airport Travel Agency (SATA), Sharjah Investment and Development Authority (Shurooq), as well as Golden Tulip Hotel and Centro Sharjah Hotel.

Later this year, the Fellowships and Grants Programme will launch its second call for proposals and expand to support collaborative research projects between Louvre Abu Dhabi and international partners, further reinforcing the museum’s role as a hub for critical scholarship and cross-border academic exchange —AD MEDIA OFFICE

THE INITIATIVE IS DESIGNED TO ADVANCE ORIGINAL RESEARCH IN THE FIELDS OF ART HISTORY, MUSEUM STUDIES, ARCHAEOLOGY, HERITAGE SCIENCE, AND CONSERVATION

Louvre Abu Dhabi reveals inaugural cohort of Fellowships and Grants Programme

ABU DHABI / AD MEDIA OFFICE

Louvre Abu Dhabi has revealed the first cohort of scholars selected for its newly launched Fellowships and Grants Programme. The initiative is designed to advance original research in the fields of art history, museum studies, archaeology, heritage science, and conservation. Following a highly competitive global call that garnered 173 submissions from around the world, five scholars were selected, representing academic institutions from diverse cultural and geographic contexts.

Launched to encourage critical inquiry and foster international academic collaboration, the programme offers scholars unprecedented access to the museum’s state-of-the-art research infrastructure. This includes its Resource Centre, Conservation Centre, and the Scientific Laboratory, the first of its kind in the Gulf region. Each fellow will work closely with Louvre Abu Dhabi’s collections, displays, and research resources to produce original research that reimagines how stories of art, culture, and history are told, particularly by incorporating perspectives from diverse cultural contexts, including those of the Global South.

The research programme is anchored around three thematic pillars: Global history of museums and collec-

tions, Circulation of styles, images and texts and Precious materials and routes exchange. The inaugural cohort exemplifies the programme’s core mission to bring together diverse thinkers whose research resonates with Louvre Abu Dhabi’s vision of inclusivity and cross-cultural dialogue.

The inaugural fellows are: Hamid Keshmirshekan (UK): Short-term fellow winner, for De-centring the Canon: Louvre Abu Dhabi and the Challenge to Eurocentric Art History. Senior Scholar at Columbia University and former senior teaching fellow at SOAS, Keshmirshekan examines how Louvre Abu Dhabi integrates Middle Eastern modern and contemporary artists within its global narrative. His project explores curatorial strategies that challenge Eu-

rocentric canons and open space for alternative art histories.

Helena Barranha (Portugal): Short-term fellow winner, for The Multiple Images of a Cosmopolitan Museum: Mapping the Visual Representations and Architectural Reinterpretations of Louvre Abu Dhabi. Professor at Instituto Superior Técnico, University of Lisbon and researcher at the Institute of Art History, NOVA FCSH, Barranha’s project explores how the museum’s architecture embodies cultural convergence and is reimagined by the public, particularly through social media. It also considers how digital tools, including AI, are reshaping the perception of iconic museum spaces.

Mizuho Ikeda (Japan/UK): Long-term fellow winner for Universal Museums and Religious Diversity: A Comparative Analysis of Exhibition Practices at Louvre Abu Dhabi and Museums in Asia. A Research Associate at the Centre of Southeast Asian Studies and Teaching Fellow at SOAS, University of London, Ikeda investigates how Hindu and Buddhist artworks are displayed at Louvre Abu Dhabi. The project considers curatorial strategies and visitor engagement in relation to exhibiting sacred art in a global, multi-faith context.

Rhomaïlessa Talhaoui (Morocco/France): Short-term fellow winner for The Transimperial Circulation of Early Pictures of Mecca (1880–1920). A

graduate of Université Paris Cité, Talhaoui studies the circulation and reinterpretation of early photographs of Mecca across colonial, religious, and commercial networks. The project highlights the role of local photographers and challenges Western-centric readings of early photography in the region.

Suhaila Almansoori (UAE): Short-term fellow winner for Pre-Islamic Christian Heritage in the United Arab Emirates: An Evaluation of the Sīniya Island Archaeological Site. Almansoori is a UAE-based historian and cultural heritage professional holding a BA in History and Archaeology (minor in Film Studies) from UAE University. She is currently pursuing her master’s degree in Archaeology and Cultural Heritage at Sorbonne University Abu Dhabi. Her archaeological fieldwork includes participation in excavations at Al Sulaimi, Al Ain Region, with a particular focus on pre-Islamic Christian heritage, notably the 6th–7th-century

Christian monastery discovered at Sīniya Island in Umm Al Quwain. Her current research investigates a unique palm frond basket coated with bitumen, uncovered during the 2025 excavation season.

The programme offers short- and long-term fellowships to the winning scholars, with the award of AED85,000 for the short-term fellows (three months) and AED245,000 for the long-term fellows (nine months) for their research projects.

Together, their research reflects Louvre Abu Dhabi’s commitment to advancing inclusive, cross-cultural scholarship and reshaping how art and history are understood around the world. The Environment Agency – Abu Dhabi (EAD) has launched the EAD Avatar, a pioneering AI-powered solution designed to revolutionise how the agency communicates with the public. This took place during EAD’s participation at the Abu Dhabi International Hunting and Equestrian Exhibition (ADI-HEX), held at the Abu Dhabi National Exhibition Centre (ADNEC) from 30 August to 7 September 2025. It has been developed in collaboration with Accord Business Group (ABG), positioning Abu Dhabi as a global leader in digital innovation and sustainability-focused governance.

Environment Agency – Abu Dhabi launches EAD Avatar, enhancing public engagement and environmental awareness

The EAD Avatar is carefully designed to reflect Emirati culture through lifelike male and female avatars, Souheil and Dana

“The launch of the EAD Avatar marks a bold step into the future of public service and environmental communication. By merging cultural authenticity with cutting-edge AI, we are enhancing how the community interacts with EAD and transforming how they understand and connect with the environment

Ahmed Baharoon, Executive Director of Environment Information, Science and Outreach Management at EAD

The EAD Avatar is carefully designed to reflect Emirati culture through lifelike male and female avatars, Souheil and Dana. Both characters can converse fluently in Arabic and English, supported by advanced AI that draws from verified and unified information sources. This ensures natural interactions and responds to public inquiries with reliable information, aligning with EAD’s mission to advance environmental stewardship.

Ahmed Baharoon, Executive Director of Environment Information, Science and Outreach Management at EAD, said: “The launch of the EAD Avatar marks a bold step into the future of public service and environmental communication. By merging cultural authenticity with cutting-edge AI, we are enhancing

how the community interacts with EAD and transforming how they understand and connect with the environment. The avatar serves as a trusted companion that empowers the public with instant access to knowledge and guidance, whether online or in person.”

What distinguishes the EAD Avatar is its ability to combine cultural authenticity with real-time, intelligent interaction. With a natural voice, facial expressions and body language, the avatars respond in ways that feel human, helping to build trust and make environmental education more accessible and engaging. The system has been designed to expand over time to include new use cases, languages and channels, reflecting EAD’s commitment to future-ready solutions.

INIALA Beach House redefines tropical luxury with unobstructed views of Andaman Sea

Located on the unspoiled sands of Natai beach in Phang Nga province of Thailand, the resort offers a collection of uniquely designed villas and suites — each a celebration of contemporary design and craftsmanship

Each villa at Iniala Beach House comes with its own spa and personal therapist and is uniquely decorated by world-renowned designers

PHANG NGA, THAILAND / GULF TIME

At the core of Iniala Beach House lies art and design, transforming the property into a vibrant 'living gallery' showcasing a stunning collection of artworks, sculptures, and ceramics by top global artists.

This beach resort is perfect for those who prioritise privacy above all else. Not to forget some quiet downtime — with villas and suites (with different themes, rather art-infused) and of course Iniala Beach House is a Michelin-key hotel offering ten unique luxury accommodations, ranging from three-bedroom villas to one-bedroom residences, suites, and a stunning penthouse, ensuring exclusivity.

Curated by renowned designers from across the globe, a tour of the property is nothing short of a tourist's delight on the quaint beach just north of Phuket, where Iniala is situated.

Ever since it first opened its doors back in December 2013, Iniala Beach House has re-vamped itself for the beach-lov-

The Iniala Beach House has brought a new level of luxury hospitality to the Phuket region with a beautifully appointed three-bedroom villa, six luxurious one-bedroom suites, two

one-bedroom pool residences (which can be combined to create a two-bedroom family pool residence), and a spectacular one-bedroom penthouse.

Fusing traditional Thai architecture with organic, contemporary forms, the entire property is a masterpiece of design, featuring the works of world-renowned designers, including the Campana Brothers of Brazil, A-cero from Spain, Joseph Walsh of Ireland, Mark Brazier-Jones of New Zealand, Graham Lamb from Britain, Autoban from Turkey, and Thailand's Eggarat Wongcharit.

The luxury resort's remarkable array of exquisitely designed suites, such as the Siamese Suites, Owner's Suite and Seashell Suites, to name a few, is no less than pure art and more. Each suite offers a distinct blend of modern luxury and serene beachfront beauty.

Last but not least, its 22-seat 'Cinema of Nature' has been inspired by Thailand's lush rainforest, which is like no other private movie screening.

As Phuket emerges as a luxury wellness destination, Iniala is yet another unforgettable getaway on the pristine white sands of Natai Beach, bringing experiential travel to the island. The surrounding Phang-nga Bay is home to many natural marvels, including caves, rivers, forests and mountains.
