ADNOC Drilling net profit up 17% to \$1.06bn in 9M 2025

The company's results delivered record profitability and cash generation

ABU DHABI / WAM

ADNOC Drilling Company PJSC on Tuesday reported record financial results for the first nine months (9M) of 2025, with revenue rising 27 percent year-on-year to \$3.63 billion and net profit up 17 percent to \$1.06 billion. Free cash flow surged 174 percent to \$1.2 billion.

Abdulla Ateya Al Messabi, ADNOC Drilling CEO, said, "Our record performance in 2025 showcases the strength and resilience of our business model and disciplined execution."

"We are scaling unconventional to a potential of over 300 wells annually, expanding our Integrated Drilling Services (IDS) fleet to 70 rigs and preparing for new offshore island operations by the end of the decade," he said. Al Messabi stated, "These milestones can add billions in new revenue streams, de-risked by our in-house expertise and powered by our ambition to become AI-native. With our enhanced dividend policy targeting at least \$6.8 billion through 2030, ADNOC Drilling is setting a new global standard for reliable, growing shareholder returns."

United Arab Bank's net profit rises to AED316m

SHARJAH / WAM

United Arab Bank (UAB) has announced its financial results for the nine months ended 30th September 2025.

The bank posted a net profit of AED316 million for the first nine months of 2025, compared to AED212 million for the same period last year, representing a 49 percent year-on-year (YoY) increase. Total income rose 28 percent YoY to AED580 million.

The increase in net profit reflects significant growth in total assets across both, loans, advances and Islamic financing, and the investments book, as well as Bank's disciplined approach to risk management.

UAB's equity and capital were further strengthened via the successful execution of the rights issue, increasing the issued and paid-up capital by 50% to AED3.094 billion. The rights issue was fully subscribed reflecting the trust and confidence that our shareholders and investors have in the Bank's future ahead.

Credit rating agency, Moody's, attributed the upgrade in ratings to 'Baa2' to the Bank's continued progress in implementing the new strategy, and stronger credit metrics across asset quality, profitability, and solvency. While affirming their issuer-level ratings, both Fitch and Capital Intelligence have also recognised the improvement in UAB's financial and credit profile, by a one-notch upgrade in its Viability Ratings (VR) and Core Financial Strength (CFS), respectively.

Along with the strengthened capital position and improvement in credit profile, these results underscore UAB's solid momentum and strategic readiness for the next phase of growth after a remarkable journey of 50 years of serving its customers and the community.
