UNESCO selects Sharjah as first Arab city to implement ECCE-PATT

SHARJAH / WAM

The Emirate of Sharjah has been selected by the United Nations Educational, Scientific and Cultural Organisation (UNESCO) to participate in the pilot implementation of the Early Childhood Care and Education – Progress Assessment and Transformation Tool (ECCE-PATT). The selection recognises Sharjah's sustained efforts to advance early childhood systems through evidence-based policy, effective governance, and the provision of high-quality education and care services.

This milestone builds on Sharjah's long-standing leadership in early childhood development, most notably marked by its hosting of the Regional Conference on Early Childhood Care and Education in the Arab States in June 2023. The conference was organised by the Sharjah Family and Community Council in collaboration with UNESCO's Multisectoral Regional Office for the Arab States, and in coordination with the Sharjah Private Education Authority, the Sharjah Education Academy, and the Sharjah Child Friendly Office.

UNESCO's nomination of the Emirate of Sharjah for participation in this pilot phase reflects international recognition of the Emirate's comprehensive and integrated approach to early childhood

development, grounded in supportive policies, effective governance, quality care and education provision, and strong institutional coordination among relevant stakeholders.

Discussions will focus on initial feedback and preliminary findings from Sharjah's pilot implementation of the UNESCO-endorsed ECCE-PATT tool, as well as the development of practical and actionable recommendations grounded in the tool's outcomes.
