Non-oil sector drives balanced growth in GCC economies: Report

The data indicate that the nominal GDP of the GCC reached \$595.8 billion

MUSCAT / WAM

Data issued by the Statistical Centre for the Cooperation Council for the Arab Countries of the Gulf indicate that the GCC economies recorded positive and balanced performance during the third quarter of 2025, with the non-oil sector leading balanced growth alongside the continued structural shift toward diversifying sources of income.

The data indicate that the nominal GDP of the GCC reached approximately US\$595.8 billion, compared to US\$583.0 billion in the corresponding quarter of 2024, achieving an annual growth rate of 2.2 percent.

As for real GDP, it reached US\$474.4 billion, recording real growth of 5.2 percent, a clear indication that economic growth was not driven solely by price increases, but by an actual expansion in economic activity.

At the real GDP level, the non-oil sector accounted for 70.7 percent, compared to 29.3 percent for the oil sector — WAM

The GCC economy also recorded quarterly growth (compared to the second quarter of 2025) of 1.6 percent in real terms, reflecting continued economic momentum.

The data showed an acceleration in the shift toward a non-oil economy, with the non-oil sector accounting for 78 percent of nominal GDP, compared to 22 percent for the oil sector.

At the real GDP level, the non-oil sector accounted for 70.7 percent, compared to 29.3 percent for the oil sector.

Dubai Chamber of Commerce records over 30,000 membership renewals in April

DUBAI / WAM

Dubai Chamber of Commerce, one of the three chambers operating under the umbrella of Dubai Chambers, has announced that it recorded 30,697 membership renewals during April 2026. The figure marks the highest monthly total in the chamber's history, reflecting the business community's continued confidence in Dubai's positive economic outlook, unique competitive advantages, and ability to generate opportunities.

The record number of membership renewals underlines Dubai's strong capacity to adapt to global

looking vision that prioritises sustainable growth, competitiveness, and business resilience. It also points to the emirate's ability to create high-value opportunities amid changing market conditions, supporting growth across diverse economic sectors.

The renewal of memberships for over 30,000 companies recorded by Dubai Chamber of Commerce during April further reflects the growing attractiveness of the emirate's business environment.

UAE National Orchestra electrifies Dubai Opera with 'Sing for the Nation'

DUBAI / WAM

The UAE National Orchestra brought Dubai Opera to its feet during Sing for the Nation, an evening that saw audiences singing together across generations in a shared celebration of music, culture, and national identity. Throughout the performance, audiences joined the Orchestra and choir in singing many of the UAE's most recognisable patriotic songs, creating an atmosphere of collective participation and connection inside

the concert hall.

The concert reached a defining moment with a surprise appearance by renowned Emirati singer and musician Hussain Al Jassmi, who joined the Orchestra on stage for a special live performance of "Al Sogoor Al Mukhliseen". His appearance was met with an overwhelmingly positive audience response, with audiences rising to their feet, singing along, and filling Dubai Opera with a sense of celebration and emotion that became one of the defining moments of the evening.

The concert programme featured a selection of well-known works spanning from the 1970s to today, including Dar Zayed, Sawf Nahmi Al Etihad, and Khaseem Al Dar, bringing together music that has long been part of the UAE's cultural fabric

ments of the evening.

With a career spanning over three decades, Al Jassmi is one of the most recognised voices in the Arab world, His performance alongside the UAE National Orchestra added a new dimension to the concert.

THE official visit featured a high-level UAE-Netherlands Energy Dialogue held in Rotterdam

UAE, Netherlands advance cooperation in key sectors

The Memorandum of Understanding will explore areas of cooperation in education, training, research and innovation, knowledge exchange

ABU DHABI / WAM

Abdulla Balalaa, Assistant Minister of Foreign Affairs for Energy and Sustainability, concluded an official visit to the Kingdom of the Netherlands on 7-8 May, aimed at advancing a strategic UAE-Netherlands partnership on Trade exchange and development in energy and water, climate adaptation, and strategic sectors, while deepening engagement in energy & water ahead of the 2026 United Nations Water Conference, co-hosted by the UAE and Senegal, which will be held in Abu Dhabi at the end of 2026.

During the visit, Balalaa held a series of meetings with ministers from the Dutch government, including Minister of Foreign Trade and Development Cooperation, Minister of Infrastructure and Water Management, Director General for Climate and Energy in the Ministry of Economic Affairs and Climate Policy as well as the Dutch Water Envoy. It is worth noting that non-oil trade between the UAE and the Netherlands witnessed a positive increase by 6.82% in 2025 compared to 2024.

He also met with representatives from leading institutions and national entities, including Deltares, IHE Delft, Water Alliance, and the Municipality of Rotterdam. The engagements with research institutes focused on advancing practical

cooperation in water management, climate resilience, and innovation, including accelerating solutions to water scarcity, strengthening resilience to climate impacts, and promoting integrated approaches across the water-energy-food nexus.

Ensuring continuity from the 2023 UN Water Conference (UNWC), co-hosted by the Netherlands and Tajikistan, was a central focus of discussions, as the UAE advances preparations for the 2026 UN Water Conference.

In this context, emphasis was placed on translating commitments into practical solutions through strengthened partnerships, scaled investment, and greater private sector engagement, while recognising water as a critical economic and development resource, and an enabler of sustainable development. These efforts will be key to accelerating progress

toward Sustainable Development Goal 6 (SDG 6), and delivering practical, action-oriented outcomes.

As part of the visit, a Memorandum of Understanding was signed between the Anwar Gargash Diplomatic Academy (AGDA) and the IHE Delft Institute for Water Education, marking a step forward in strengthening cooperation on water diplomacy and capacity building. The MoU will explore areas of cooperation in education, training, research and innovation, knowledge exchange, and talent development as part of broader efforts to strengthen institutional and individual capacities between the two countries ahead of the 2026 UN Water Conference and beyond.

engaged with senior representatives from government, industry, and academia. The discussion focused on how evolving energy systems are reshaping global markets, supply chains, and economic competitiveness, while highlighting the growing interdependence between energy, water, and food security.

The dialogue also explored opportunities to strengthen bilateral cooperation, mobilize investment, and advance practical public-private partnerships between the two countries across these interconnected systems.

Abdulla Balalaa stated: "The next chapter of global resilience will not be written by those who wait for clarity, but those who build it. For the UAE, this is about designing resilience into systems that underpin our economies — ensuring they are connected, adaptive, and built to withstand a more complex global landscape."

MoE, Ministry of Higher Education announce resumption of in-person learning on Monday

ABU DHABI / WAM

The Ministry of Education (MoE) and the Ministry of Higher Education and Scientific Research announce the resumption of in-person learning for all students, teaching and administrative staff in public and private schools, nurseries, and public and private higher education institutions across the UAE, effective from Monday, 11 May 2026.

This decision follows the continuous monitoring of developments and coordination with the relevant authorities, ensuring the continuity of the educational process and academic assessments.

The two ministries affirm the commitment of educational institutions to implementing the approved safety and security protocols and procedures, supporting the smooth continuation of the educational process, while maintaining preparedness to implement alternative learning models when needed and in line with ongoing developments and continuous assessments.

The two ministries also confirm the continuation of coordination with educational institutions to ensure a smooth return to in-person learning. Any further updates will be announced through the relevant official channels.

10,618 memberships join Ajman Chamber in first quarter of 2026

AJMAN / WAM

Ajman Chamber recorded 10,618 memberships during the first quarter of this year, including 1,626 new memberships and 8,992 renewed memberships, underscoring the vitality of the emirate's business environment and its attractiveness to investments across various sectors.

The figures also reflect the business

community's confidence in the Chamber's services and its vital role in supporting the private sector. Membership growth reached 2 percent compared to the first quarter of 2025.

By licence type, professional licences topped the list with 5,235 memberships, followed by commercial licences with 4,903 memberships.

Zayed Charity Run to debut in Europe in Hungary on May 17

The activities aim to promote healthy lifestyles and strengthen social bonds through sport and charitable engagement

ABU DHABI / WAM

The Hungarian capital, Budapest, will host the Zayed Charity Run, "Run for Kindness", for the first time in Europe on 16th and 17th May, featuring 3km, 5km and 10km races.

The organising committee confirmed that the event, organised by the UAE Embassy in Budapest, will bring together thousands of participants from across Hungary and beyond in a celebration of charity, health, solidarity and cultural connection.

The event is expected to witness broad participation from professional runners, families, diplomatic missions, supporters

of charitable initiatives and sports enthusiasts, making it one of Hungary's most anticipated community events of 2026.

In a statement, the committee said staging the event around some of Budapest's most prominent landmarks, including Heroes' Square, Andrassy Avenue, Széchenyi Chain Bridge and the Danube promenade, reflects the universal humanitarian values inspired by the legacy of the Founding Father, the late Sheikh Zayed bin Sultan Al Nahyan.

The run welcomes participants of all ages and backgrounds, creating an inclusive atmosphere where sport serves as a platform for generosity,

Mohammed bin Rashid launches initiative to eradicate river blindness

DUBAI / WAM

His Highness Sheikh Mohammed bin Rashid Al Maktoum, Vice President and Prime Minister of the UAE and Ruler of Dubai, announced the launch of a new initiative in support of ongoing efforts to eradicate river blindness.

Announced in the presence of HH Sheikh Hamdan bin Mohammed bin Rashid Al Maktoum, Crown Prince of Dubai, Deputy Prime Minister and Minister of Defence of the UAE, and Chairman of The Executive Council of Dubai; HH Sheikh

Maktoum bin Mohammed bin Rashid Al Maktoum, First Deputy Ruler of Dubai, Deputy Prime Minister and Minister of Finance of the UAE; and HH Sheikh Ahmed bin Mohammed bin Rashid Al Maktoum, Second Deputy Ruler of Dubai, the initiative targets seven million direct beneficiaries and 35.4 million indirect beneficiaries over the next three years. It will be implemented by Noor Dubai, under the umbrella of the Mohammed Bin Rashid Al Maktoum Global Initiatives (MBRGI).

His Highness Sheikh Mo-

ammed bin Rashid Al Maktoum stated: "Humanitarian action continues in the nation renowned for its generosity, as the UAE supports and empowers millions."

His Highness added: "To fight blindness is to fight darkness and disability, and to empower people to lead a life with dignity. We remain committed to launching such initiatives."

H.H. Sheikh Ahmed bin Saeed Al Maktoum, President of the Dubai Civil Aviation Authority, Chairman of Dubai Airports, and Chairman and Chief Executive of Emirates Airline and

Group; H.H. Sheikh Mansoor bin Mohammed bin Rashid Al Maktoum, President of the UAE Olympic Committee; HH Sheikh Latifa bint Mohammed bin Rashid Al Maktoum, Chairperson of the Dubai Culture and Arts Authority; and HH Sheikh Majid bin Mohammed bin Rashid Al Maktoum were also in attendance.

Also present were Mohammad bin Abdullah Al Gergawi, Minister of Cabinet Affairs and Secretary General of the Mohammed Bin Rashid Al Maktoum Global Initiatives; Dr. Alawi Alsheikh-Ali, Director-

General of the Dubai Health Authority; and Dr. Amer Sharif, CEO of Dubai Health.

Noor Dubai will oversee the implementation of the project, including mass administration of medicines for prevention and treatment, community surveys and assessments to monitor early signs of the disease, and the training of local healthcare workers towards realising the goal of fully eradicating river blindness by 2030.

A disease affecting the eyes and skin, river blindness is caused by microscopic parasitic worms transmitted through

subcutaneous tissue. Symptoms include severe itching, skin changes, and eye lesions that can lead to vision impairment and permanent blindness.

In most cases, subcutaneous nodules form due to adult worms, while early exposure in children can result in epilepsy.

Each year on 30 January, the world marks World Neglected Tropical Disease Day to raise awareness and mobilise global action against diseases that affect one in five people worldwide.

DUBAI / WAM

The UAE's Artificial Intelligence, Digital Economy and Remote Work Applications Office has launched a new guide titled "Leading Generative AI Applications", designed to support government entities, private sector organisations, individuals, developers, and emerging talent in making optimal use of generative AI applications and accelerating their adoption across various fields.

The initiative reflects the Office's ongoing efforts to strengthen digital innovation, support institutions and individuals in keeping pace with rapid technological change, and accelerate the adoption of AI solutions across sectors.

The guide serves as a

practical knowledge resource, offering access to some of today's most impactful generative AI tools, along with guidance on how they can be applied in real-world work environments. It aims to help developers, innovators, and organizations explore the advanced capabilities of generative AI and integrate them into their operations and cre-

ative processes.

Dr. Abdulrahman Al Mahmoud, Director at the Artificial Intelligence, Digital Economy and Remote Work Applications Office, stated that empowering people and institutions to harness emerging technologies is key to advancing government performance and enhancing the competitiveness of the national economy.

The guide serves as a practical knowledge resource, offering access to some of today's most impactful generative AI tools, along with guidance on how they can be applied in real-world work environments

He stressed the importance of keeping up with global developments in government AI to ensure the responsible and effective adoption of AI solutions that drive innovation, productivity, and knowledge creation. Al Mahmoud added that the guide aims to deepen awareness of generative AI

technologies and showcase their transformative potential, enabling organisations and individuals to better understand how these tools can reshape workflows, elevate productivity, and drive innovation across industries.

The publication showcases 19 major use cases and applications of generative AI, including image and video creation, language translation, music composition, and more. It is aimed at government entities, private companies, entrepreneurs, developers, students, and AI enthusiasts, providing them with an accessible and practical overview of how generative AI can be applied in business, innovation, and creative industries.
