## Under directives of UAE President, National Initiative 'Naseej' launched to transform UAE's textile sector into a circular economy priority

Under the directives of President His Highness Sheikh Mohamed bin Zayed Al Nahyan, 'Naseej' the National Initiative for Textile Circularity has been launched as a strategic mandate contributing to the transition of the textile sector toward a circular economic system — WAM

Rooted in the UAE's heritage of preservation, craftsmanship, and resourcefulness, Naseej draws inspiration from the historic role textiles have played in the lives of its people and in the country's economic development

ABU DHABI / WAM

Under the directives of President His Highness Sheikh Mohamed bin Zayed Al Nahyan, 'Naseej' the National Initiative for Textile Circularity has been launched as a strategic mandate contributing to the transition of the textile sector toward a circular economic system.

Naseej aims to move the sector beyond linear consumption and disposal toward an integrated model that preserves resources, captures economic value, and aligns sustainability with long-term national development.

Formed through a strategic partnership between the National Projects Office, the Ministry of Economy and Tourism, Emirates Foundation, and Tadweer Group, Naseej serves as a unified national platform coordinating policy, industry action, research, and public engagement across the textile value chain.

Rooted in the UAE's heritage of preservation, craftsmanship, and resourcefulness, Naseej draws inspiration from the historic role textiles have played in the lives of its people and in the country's economic development. The initiative builds on these values to support national efforts to embed circular thinking into everyday practices.

Rooted in the UAE's heritage of preservation, craftsmanship, and resourcefulness, Naseej draws inspiration from the historic role textiles have played in the lives of its people and in the country's economic development. The initiative builds on these values to support national efforts to embed circular thinking into everyday practices.

**ATHAR+** is Abu Dhabi's first purpose-driven hub dedicated to accelerating social impact

## Athar+ launches second edition of HACK4IMPACT hackathon in Abu Dhabi

This edition of the hackathon focuses on addressing family-related challenges through innovative and community-driven approaches

ABU DHABI / AD MEDIA OFFICE

Athar+, Abu Dhabi's first purpose-driven hub dedicated to accelerating social impact, operated by the Authority of Social Contribution - Ma'an, has launched the second edition of its HACK4IMPACT hackathon, bringing together changemakers to develop practical solutions that address key social priorities and contribute to positive social impact across Abu Dhabi.

Launched in line with the objectives of the UAE's Year of Family, this edition of the hackathon focuses on addressing family-related challenges through innovative and community-driven approaches. Taking place from 16-18 June 2026 at Athar+, the three-day programme brings together aspiring entrepreneurs, innovators, professionals, and community members to develop solutions addressing three family-centred priorities: building stronger family foundations, enhancing financial wellbeing for parents, and supporting families

Taking place from 16-18 June 2026 at Athar+, the three-day programme brings together aspiring entrepreneurs, innovators, professionals, and community members to develop solutions addressing three family-centred priorities — WAM

“HACK4IMPACT reflects Athar+'s commitment to empowering innovators and aspiring entrepreneurs to develop practical solutions that address real social priorities and enhance quality of life across our communities

**His Excellency Salem AlShamsi**, Executive Director of Social Incubation and Contracting at Ma'an

Launched in line with the objectives of the UAE's Year of Family, this edition of the hackathon focuses on addressing family-related challenges through innovative and community-driven approaches

caring for aging parents.

Guided through an innovation journey, participants will apply design thinking methodologies to explore challenges, validate ideas, develop prototype concepts, and present their solutions to a panel of judges. High-potential concepts emerging from hackathon have the opportunity to be considered for support through Athar+'s incubation ecosystem, enabling participants to continue developing their solutions beyond the event.

## UAE Government Media Office launches media content guideline, spotlights Agentic AI as future of government communication

ABU DHABI / WAM

The UAE Government Media Office launched the Government Media Content Guideline at the latest meeting of the Government Communication Network, held at the Creators HQ in Dubai.

The meeting brought together Saeed Al Eter, Chairman of the UAE Government Media Office, alongside communication directors and officials from across federal entities.

The launch comes as part of the Media Office's ongoing drive to strengthen the federal government communication ecosystem, raise professional standards across entities, and equip communication teams with the tools they need to produce content that is sharper, more consistent, and more aligned with national priorities.

Saeed Al Eter opened the meeting by reaffirming the UAE Government's commitment to building a communications system that moves as fast as the world around it.

## Positron AI establishes presence outside US in DIFC to drive AI inference

The Dubai International Financial Centre licence marks a key milestone in Positron's regional expansion

DUBAI / WAM

Positron AI Ltd, a US-based developer of next-generation specialised AI inference infrastructure, has established its first presence outside the United States in the Dubai International Financial Centre (DIFC), the leading global financial centre in the Middle East, Africa and South Asia region.

The DIFC licence marks a key milestone in Positron's regional expansion. The company has raised more than US\$300 million, including a US\$230 million Series B round, deployed inference

As AI demand shifts structurally from model training to scalable model inference, Positron enables lower cost per token, higher memory density and improved energy efficiency, positioning it as a next-generation alternative to traditional AI hardware providers — WAM

technology with a US hyper-scaler, and achieved unicorn status. The move comes as AI inference becomes the dominant driver of global compute demand. AI inference refers to the deployment, operation and scaling of large language models reliably, economically and within real-world constraints.

Husni Khuffash, Managing Director MENA, Positron AI, said, "We are pleased to move to DIFC, a dynamic hub that is reflective of our commitment to innovation and pushing the boundaries of AI infrastructure. Positron AI's focus on power-efficient, deployable

“We are pleased to welcome Positron AI to the Dubai AI Campus' vast ecosystem. Positron AI brings a compelling approach to AI inference infrastructure that supports the next phase of growth across Dubai's technology and innovation landscape

**Mohammad Alblooshi**,  
Chief Executive Officer of the DIFC Innovation Hub

inference solutions will help strengthen the wider ecosystem as demand accelerates for scalable AI capabilities. Establishing in DIFC positions Positron to engage closely with industry, regu-

lators and partners, while contributing to Dubai's ambition to build globally competitive digital and AI capabilities.”

# Under directives of UAE President, National Initiative 'Naseej' launched to transform UAE's textile sector into a circular economy priority

Under the directives of President His Highness Sheikh Mohamed bin Zayed Al Nahyan, 'Naseej' the National Initiative for Textile Circularity has been launched as a strategic mandate contributing to the transition of the textile sector toward a circular economic system — WAM

ABU DHABI / WAM

Under the directives of President His Highness Sheikh Mohamed bin Zayed Al Nahyan, 'Naseej' the National Initiative for Textile Circularity has been launched as a strategic mandate contributing to the transition of the textile sector toward a circular economic system.

Naseej aims to move the sector beyond linear consumption and disposal toward an integrated model that preserves resources, captures economic value, and aligns sustainability with long-term national development.

Formed through a strategic partnership between the National Projects Office, the Ministry of Economy and Tourism, Emirates Foundation, and Tadweer Group, Naseej serves as a unified national platform coordinating policy, industry action, research, and public engagement across the textile value chain.

Rooted in the UAE's heritage of preservation, craftsmanship, and resourcefulness, Naseej draws inspiration from the historic role textiles have played in the lives of its people and in the country's economic develop-

ment. The initiative builds on these values to support national efforts to embed circular thinking into everyday practices.

H.H. Sheikhha Mariam bint Mohamed bin Zayed Al Nahyan, Deputy Chairperson of the Presidential Court for National Projects, said, "Naseej reaffirms the UAE's commitment to sustainability as a shared national responsibility. It reflects a forward-looking vision that transforms challenges into lasting opportunities by driving positive behavioural change, encouraging responsible resource use, and empowering community participation and volunteering. The initiative lays the foundation for resilient, future-ready development that benefits generations to come."

H.H. Sheikh Theyab bin Mohamed bin Zayed Al Nahyan, Deputy Chairman of the Presidential Court for Development and Fallen Heroes' Affairs, and Chairman of the Emirates Foundation, said, "The Naseej initiative represents an important step toward embedding the concept of the circular economy within the UAE's sustainable development model."

THE UK-based researchers found DP World supported nearly 5,000 jobs nationwide

## DP World to expand logistics capacity in Dominican Republic

The new \$100m funding, with Ministry of Industry, Commerce, and MSMEs, will support development of new warehouse infrastructure

SANTO DOMINGO / WAM

DP World and the Government of the Dominican Republic will invest an additional US\$100 million to expand logistics and warehousing infrastructure at the DP World Free Trade Zone (FTZ) in Caucedo.

Unveiled during the 12th World Free Zones Congress 2026, the investment is in addition to the US\$760 million previously committed, further strengthening the country's role as a manufacturing and logistics hub for the Americas.

In May 2025, DP World signed a US\$760 million Memorandum of Understanding (MoU) with the Government of the Dominican Republic to expand the Port of Caucedo and its Free Trade Zone.

The latest investment, with the Ministry of Industry, Commerce, and MSMEs, will support the development of new warehouse infrastructure and increase overall logistics capacity, further integrating port, free zone, and logistics services at Caucedo to meet growing regional demand.

DP World plays a significant

Manuel Martínez, CEO of DP World in the Dominican Republic, said, "By expanding logistics and warehousing infrastructure in the Caucedo Free Trade Zone, we are enabling customers to scale more efficiently while strengthening the Dominican Republic's competitiveness as a regional trade hub."

## Muslim Council of Elders condemns storming of Al-Aqsa Mosque by settlers, raising of Israeli occupation flag within its courtyards

ABU DHABI / WAM

The Muslim Council of Elders strongly condemned the storming of the courtyards of Al-Aqsa Mosque by settlers under the protection of the Israeli occupation police, and the raising of the occupation flag within its precincts.

The Council reiterated its categorical rejection of such extremist and provocative violations, and of all actions and attempts aimed at altering the established religious, historical, and legal status of the city of Jerusalem and Al-Aqsa Mosque. The Council stressed that Al-Aqsa Mosque — in its entirety, encompassing an area of 144 dunams — is a place of worship exclusively and solely for Muslims.

The Council further called upon the international community to uphold

its moral and legal responsibilities toward Islamic holy sites, and to take immediate and decisive measures to bring an end to the repeated violations against the city of Jerusalem and Al-Aqsa Mosque. It warned that the continued perpetuation of these systematic violations carries grave consequences for security and stability across the region.

## DTC expands mobility services in Ajman with AJ Industries

The agreement establishes a collaborative framework for both parties to scale DTC's mobility services in Ajman

DUBAI / WAM

Dubai Taxi Company (DTC) has signed a Memorandum of Understanding with AJ Industries (AJI) to explore opportunities for a strategic partnership aimed at expanding mobility services in the Emirate of Ajman.

The agreement establishes a collaborative framework for both parties to scale DTC's mobility services in Ajman, combining AJI's local market expertise with DTC's operational capabilities, digital infrastructure, and proven track record in delivering efficient, customer-focused transport solutions.

Commenting on the signing, Mansoor Rahma Alfasali, Group CEO, DTC, said, "Currently DTC already has presence in Ajman as it operates school buses in

cooperation with the Ministry of Education. However, this MoU marks a major step in DTC's strategy to extend our footprint across the UAE. By partnering with AJI, we aim to bring our operational expertise, digital platforms, and innovative mobility solutions to Ajman, supporting the development of a more integrated, efficient, and customer-centric transport ecosystem that benefits residents, visitors, and the wider economy."

For his part, Omar bin Omair Al Muhairi as the Group CEO of AJ Industries, said, "At AJI, we believe the next phase of mobility will be defined by close collaboration between partners who understand both the technology and the local market. Working with Dubai Taxi Company allows us to bring forward sustainable, technol-

Under the MoU, the two parties will build on their shared strategic vision, align on operational and commercial models, and explore the development of a scalable mobility platform

development of a scalable mobility platform. This joint platform will help enhance service quality across both mass-market and premium segments and to serve as a replicable model for further rollout across the UAE.

Key areas of exploration include the integration of e-hailing platforms such as Bolt into Ajman's existing taxi network, optimisation of local fleet operations, and the enhancement of

digital booking and dispatch capabilities to elevate the overall customer experience.

The MoU also outlines opportunities to introduce flexible driver provisioning and workforce solutions, providing a scalable supply of qualified drivers to taxi operators and mobility providers to meet evolving demand and ensure consistent service standards.

In parallel, both parties will jointly assess opportunities to enhance and optimise the limousine sector in Ajman through premium service standards, fleet upgrades, and the integration of advanced technology platforms. The MoU also lays the foundation for exploring new business models including corporate mobility solutions, tourism partnerships, and on-demand premium transport services.
